many lives merable, and often leads to heart-disease. Distress after eating, sick headache, sour stomach, mental depression, etc., are caused by very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes digestion, relieves sick headache, clears the mind and cures the most obstinate cases of dyspepsia. Read following:

have been troubled with dyspepsia. I had but no appetite, and what I did eat distressed me or did me no good. In an hour after eating I would experience weakness or tired, all-gone feeling, as though I had not eaten anything. Hood's Sarsaparilla did me an immense amount of good. It gave me an appetite, and my food did me good and satisfied the craving I had previously experienced. It relieved me of that faint, tired, all-gone feeling.

I have felt so much better since I took Hood's Sarsaparilla that I am happy to recommend it." G. A. Watertown, Mass.
